

# Exhibit 1

# Class Member Benefits

## CLASS MEMBER BENEFITS

1. **Introduction.** This Exhibit explains the benefits that Class Members are eligible to receive under the Class Action Settlement. The compensation pursuant to the Class Action Settlement is available only to Class Members who do not opt out of the Class and who participate in the Claims Program. All capitalized terms in this document have the meanings ascribed to them in the Class Action Agreement.
2. **Benefits for Eligible Owners.** Eligible Owners who participate in the Claims Program shall receive an Owner Payment, an Approved Emissions Modification, and an Extended Warranty. The Owner Payment is **\$3,075**, unless an Eligible Former Owner or Eligible Former Lessee timely files a valid Claim for that same vehicle, in which case, the Owner Payment is **\$2,460**.
3. **Benefits for Eligible Former Owners.** Eligible Former Owners who participate in the Claims Program shall receive a Former Owner Payment. The Former Owner Payment is **\$990**.
4. **Benefits for Eligible Lessees.** Eligible Lessees who participate in the Claims Program shall receive a Lessee Payment, an Approved Emissions Modification, and an Extended Warranty. The Lessee Payment is **\$990**.
5. **Benefits for Eligible Former Lessees.** Eligible Former Lessees who participate in the Claims Program shall receive a Lessee Payment. The Lessee Payment is **\$990**.
6. **Approved Emissions Modification.** As described in the Class Action Agreement and US-CA Consent Decree, an Approved Emissions Modification (“AEM”) is a change to the emissions software of an Eligible Vehicle proposed by Fiat Chrysler and approved by the EPA and CARB that ensures that an Eligible Vehicle is in compliance with Certified Exhaust Emissions Standards. Class Members who receive an Approved Emissions Modification also will receive an Approved Emissions Modification Disclosure, a clear and accurate written disclosure regarding the impacts of the Approved Emissions Modification on the vehicle. This AEM is *not* expected to change (i) any key vehicle attributes, such as reliability, durability, vehicle performance, drivability, engine noise or vibration, or other driving characteristics; (ii) the Diesel Exhaust Fluid tank refill interval; or (iii) average fuel economy.
7. **Extended Warranty and Related Benefits.** In addition to the Approved Emissions Modification and monetary compensation described above, an Eligible Vehicle that has received an Approved Emissions Modification shall receive an Extended Warranty that covers parts and labor for the components listed in Appendix A to this Exhibit. The effective period of the Extended Warranty (the “Extended Warranty Period”) shall be the greater of (i) 10 years from the date of initial sale or 120,000 actual miles on the vehicle odometer, whichever comes first; and (ii) 4 years or 48,000 miles, from date and mileage of installing the Approved Emissions Modification, whichever comes first. In the event that an Eligible Vehicle that has received the Approved Emissions Modification is re-sold, the remaining Extended Warranty Period, if any, is transferable to subsequent purchasers and shall continue through the date or mileage described herein for the benefit of such subsequent purchasers. The Extended Warranty also includes buyback and lease

termination remedies, as set forth in Paragraph 4.3.2(d) of the Class Action Agreement and Paragraph 45 of the US-CA Consent Decree.

8. **Summary of Benefits.** The table below summarizes the benefits described above and in the Class Action Agreement.

Category	Benefits	Class Member Payment*
<b>Eligible Owner</b> (acquired vehicle on or before January 12, 2017)	Owner Payment + Approved Emissions Modification + Extended Warranty	<b>\$3,075</b>
<b>Eligible Owner</b> (acquired vehicle after January 12, 2017)  (does not apply to owners of vehicles that were leased as of January 10, 2019, who are treated as Eligible Lessees, and not Eligible Owners)	Owner Payment + Approved Emissions Modification + Extended Warranty	<b>\$2,460</b> (if an Eligible Former Owner or Eligible Former Lessee of the vehicle also makes a valid claim for benefits)  <u>OR</u> <b>\$3,075</b> (if no other Class Member makes a valid claim for benefits related to the same vehicle)
<b>Eligible Former Owner</b>	Former Owner Payment	<b>\$990</b>
<b>Eligible Lessee</b>	Lessee Payment + Approved Emissions Modification + Extended Warranty	<b>\$990</b>
<b>Eligible Former Lessee</b>	Lessee Payment	<b>\$990</b>

\*Eligible Owners and Eligible Lessees who participate in the Claims Program must complete an Approved Emissions Modification to receive the Class Member Payment.

### Appendix A

Subject to standard limitations that must be identified to Eligible Owners and Eligible Lessees, which may set forth exclusions like accident, abuse, neglect, or installation of non-certified parts, and applicable existing warranty provisions that will remain in effect, the Extended Warranty shall cover the cost of all parts and labor needed to repair the items listed below.

- Catalysts
  - Diesel Oxidation Catalyst/Diesel Particulate Filter (DPF) Assembly
  - Selective Catalytic Reduction (SCR) Catalyst
- Diesel Exhaust Fluid (DEF) System
  - DEF Injector
  - DEF Injector Controller
  - DEF Storage Tank
  - DEF Delivery Lines
  - DEF Concentration Sensor (2016 Model Year Ram 1500 and Jeep Grand Cherokee only)
  - DEF Supply Module, Pump, & Temperature Sensor Unit
- Parts of the Fuel System
  - Low Pressure Fuel Pump Module & Level Unit
  - Fuel Injectors
  - Fuel Rail
  - High Pressure Fuel Line
  - High Pressure Injection Pump & Regulator Unit
- Parts of the Exhaust Gas Recirculation (EGR) System
  - EGR Cooler Tubes
  - EGR Cooler
  - EGR Valve
  - EGR Temperature Sensor
  - EGR Cooler bypass actuator

- Other Sensors That Are Covered
  - Oxygen Sensors
  - NOx Sensors
  - Intake Manifold Pressure Sensor
  - Engine Coolant Temperature Sensor
  - Fuel/Water Separator Sensor
  - Intake Swirl Actuator Sensor
  - Engine Camshaft Position Sensor
  - Engine Crankshaft Position Sensor
  - Particulate Matter Sensor
  - Mass Airflow Sensor
  - Boost Pressure Sensor
  - Crankcase Pressure Sensor
  - Exhaust Manifold Pressure Sensor
  - Throttle Valve
  - Exhaust Temperature Sensor
  - DPF Differential Pressure Sensor
- Engine Control Module (Computer)
- Transmission Control Module (Computer)/Valve Body & Solenoids
- Throttle Valve
- Cylinder Head Assembly, including Valves, Springs, Valve Spring Keepers, Valve Seats, Cam Bearing Caps, and Manifold Studs (Camshaft and other components of the assembly are not covered)
- Engine Thermostat/housing/gasket
- The turbocharger system including all related hoses and pipes, all sensors and actuators.

Additionally, the Extended Warranty shall cover the cost of any OBD Diagnostic Scan for malfunctions that trigger the OBD Malfunction Indicator Light (MIL), regardless of whether the malfunction is attributable to a part that is covered under the Extended Warranty.
